PRINTING & PUBLISHING

> Al Mawrid
> The Print House (Managed by Reprotronics)

One of the initial ventures of Thomsun group, Al Mawrid Printing and Advertising Industries is located at its own facility in Sharjah. Al Mawrid provides an array of printing and advertising services that is highly valued by the marketplace for its thrust on quality and timely work-execution.

Backed by state-of-the-art technology, the company derives its strength benefits from the extensive experience of its skilled technicians and staff numbering over 350. Delivering printing and packaging solutions, it has developed a stringent set of quality control measures that assures clients to-the-brief results, as demonstrated by the awards won in recent times.

The new additions to Al Mawrid's list of high end machine's include

Gallus ICS 670

The Gallus ICS 670 is a multi-process machine with pioneering flexibility, able to print 10 colors using flexo and gravure printing for

highest quality. Due to the versatile nature of the machine it allows an efficient and cost effective production from roll to die cut cartons in a single pass. It can produce effects including cold foiling, hot foil stamping , pearl, iridescent and high luster metal coatings with tactile and soft feel varnishes in a single operation. The specialty of the Gallus machine makes it the ideal choice for high volume packaging cartons.

Heidelberg Speed master XL 106

The Speedmaster XL 106 is a peak performance machine in the 75 X 106 cms size able to print 6 colors with coating in conventional & UV mode across a wide range of substrates like paper, board, plastics and metalized surfaces. The machine delivers 18,000 sheets per hour and the advanced inking and dampening system combines with the color package delivers the best possible color stability throughout the run in record time – at various speed.

This machine can print commercial jobs like leaflets, booklets, posters, magazines etc and produce a wide range of packaging for food, perfume, garment and tobacco industries.

Owned by the multi faceted Thomsun Group and managed by Reptrotronics, The Print House is ideally located in Ras Al Khor Complex, Dubai. It can accomplish overall print demands at every level and in all forms with the best sheet-fed offset printing, online UV prints with special effect coatings, binding and finishing operations while using cutting edge technologies.

Our USP is a dedicated team that can take care of each client's print requirements to their utmost satisfaction with the strictest quality control measures applied at all levels to ensure the continuity of our vision and mission.

EDUCATION

> Popular Music Institute > Sing & Swing
> Sing & Swing Br. > Kids Gym ME

Music Education for all ages..!

The Thomsun music education institutes are a microcosm of the music industry, a place where students can experience state of the art facilities with hands on education. With years of experience in managing of music education institutes in Dubai, the group currently has 2 institutes, located in the Wafi City and Ibn Battuta Shopping Mall.

The Popular Music Institute and Sing & Swing Training Centre offer students an integrated music education based on best international contemporary arts practice. We provide a dynamic and progressive music-making environment that meets individual student needs through intensive one-to-one tuition, small class size and personalized attention.

Students are offered a broad choice of subject areas and specializations, enabling them to direct their own learning in pursuit of individual career interests and goals. Live music making is at the core of the institute's activities. Professional flexibility is encouraged and is implemented through a range of student projects within the wider community and extensive collaboration with professional organizations in Dubai and the UAE.

Illustrating the philosophy and educational approach of the Institutes include:

- > Preparation for International Board Examinations
- > A wide variety of subject areas and courses designed to evoke musicianship
- > Practical opportunities enabling students to prepare traditional and contemporary performance events, work with visiting artists, or perform with other arts organisations
- > Student-managed performance ensembles
- > Personalised attention and care through one-to-one teaching.

Musicians constantly seek new ways to express themselves. A successful and exciting path in the newly emerging climate of artistic expression demands flexibility, imagination and confidence, and the ability to work creatively with others. Our Institutes have been responsible for developing outstanding young musicians and boast some of the finest facilities, equipment and educators in the region.

المعهد للموسيقى الشعبية
POPULAR MUSIC INSTITUTE

Popular Music Institute (PMI) - Thomsun's first music institute is located in one of the most prestigious shopping malls in Dubai, the Wafi Shopping Mall. Based on extensive research and development over the years, PMI has been conducting courses on the piano, electronic keyboard, classical, acoustic, electric and bass guitar, drum-kit and percussion, violin and viola, flute, saxophone, classical and popular music vocals, and music theory.

Students from the early age group are eased into music by encouraging them to listen and sing along to simple melodies, participate in activities and games, as well as dance and clap various rhythms in order to evoke the spirit of music from within them. For adults, PMI offers courses that are tailor-made for each individual keeping in mind their time and specific requirements. The genre of music they would like to play and the level they would like to aspire to be are the major criteria in determining their curriculum.

By teaching young children as well as adults, we are able to promote

the concept of family oriented music education where parents and kids learn to play instruments together. All classes are fully equipped with the respective instruments as well as many teaching and learning aids to facilitate a positive educational environment. The doors of the classrooms are fixed with sections of glass for observation at various point of time by the management, staff and parents.

Sing & Swing Training Centre – Ibn Battuta Mall -The location has a showroom and a music institute adjacent to each other in a fourteen thousand square ft. area. The Sing and Swing Training Centre has fifteen classrooms offering music education in piano, electronic keyboard, classical, acoustic, electric and bass guitar, drum-kit and percussion, violin and viola, flute, saxophone, classical and popular music vocals, music theory and dance.

Dance classes are conducted in our purpose-built dance studio, which has wooden floors, dance bars and mirrors.

"Kids Gym is important for nation building because it gets our kids in shape.
to me it's absolutely essential!" - Arnold Schwarzenegger

KiDsGYM MIDDLE EAST

What is Kids Gym?

- > Is a forum for social and emotional growth in young children.
- > Lays the foundation for healthy habits in our youth.
- > Gives kids a feeling of competence that leads to a cycle of success!

Kids Gym Programs

Early Education through Movement

This training specifically targets pre-schoolers (3-5 years) and creates an environment that stimulates motor skill development using gymnastics as the vehicle.

Flippin for Life

This program gives school age youth (6-15 years) the opportunity to learn the fundamentals of gymnastics. The program is designed to introduce young people to four basic components of fitness that are important for good health.

FOOD PROCESSING & SUPERMARKETS

- >Thomsun Supermarket & Department Stores
- >Thomsun Foods > East Fish Processing
- > Continental Food Processing

THOMSUN SUPERMARKET LLC

One of the initial ventures of Thomsun, today the division manages supermarkets located at strategic and residential locations in Dubai. The largest is the supermarket at Sky courts which caters to the community residing in the area.

Our wholesale division charts a difference in Meat and Vegetable processing and trading.

The company is a leading importer and distributor of halal certified meat products in UAE by sourcing the products from various European and Latin American countries. The range of products includes Chicken, Beef, Veal, Lamb, Mutton & Vegetables.

Located in Dubai & Sharjah, with its own cold store facility and a large fleet of refrigerated vehicles, the company caters to various market

THOMSUN FOODS LLC

segments like airline caterers, major restaurant operators & hotel chains, Food retailers and distributors.

East Fish Processing LLC and Continental Food Processing LLC, Ajman, boast the most advanced factories in sea food processing manned by seasoned professionals who understand the pulse of the seas. From sourcing, buying, processing, storage and marketing - the plants confirm to high standards of quality that are ensured and monitored through the highly effective HACCP, EU and USFDA Quality System. Fully equipped in-house laboratories conduct organoleptic, bacteriological and chemical analyses to maintain the strict quality norms set by international bodies.

The companies together have a freezing capacity of 50 MT daily including Blast, Plate freezers and IQF Spiral freezers - and 3000 MT of storage facility. Having introduced value-added consumer packets, the companies rely on a fleet of refrigerated vehicles to deliver freshly, live, chilled and frozen and processed seafood products right to the doorsteps of the most discerning clientele including five-star hotels,

industrial caterers, restaurants, hyper markets, and supermarkets across the middle east, far east, Europe and the US.

Value Added Products

After assessing the needs of the customer for new products a variety of Value Added Products are produced that are sure to appease any customer. After a lot of research on figuring out what consumers want, when they want it, and where they want it; we make it and provide it to them. Our team strives to produce a high-quality end product.

The company has a breaded range that is perfectly suited for kids or for a quick weekday meal. All our breaded products are prepared from whole muscle natural fillets in our state of the art manufacturing facility. Besides matching the taste and bringing convenience to our customer by way of a scalable & consistent food management support, our in-house Product Development team also takes care of all the requirements of our customers for launching/offering newer product concepts as well.
